

Bargaining Update

To PSAC / NEU Members Working at Government of Nunavut

May 26, 2016 – Your Bargaining team was back at the bargaining table on May 25th, 26th hoping to reach a tentative agreement with the Employer.

It has been 20 months since the parties first started bargaining and although we have had success in reaching agreement on several complicated issues, the employer is still pushing concessions that your bargaining team cannot agree to.

Upon meeting with the Employer this week it became apparent that they were unwilling to negotiate any further, so your bargaining team has decided that proceeding to mediation will be the best option. We have proposed the appointment of a mediator who has dates open in August of this year.

It has been the goal of the bargaining team to reach a fair and reasonable deal and we will continue to focus on achieving a positive outcome and an improved collective agreement for our members of the GN.

Your solidarity and support of your Bargaining Team is greatly appreciated.

In solidarity,
PSAC/NEU Bargaining Team
